

BE THE **GENERATION**

TO FIND A VACCINE TO PREVENT HIV

Find out how you can make a difference at
www.bethegeneration.nih.gov

Right now, 1 out of every 300 people in the United States has HIV, the virus that causes AIDS. There is no cure for AIDS. A vaccine to prevent HIV infection is our best hope to end the AIDS epidemic. Support HIV vaccine research and help make progress happen.

This project has been funded in whole or in part with Federal funds from the National Institute of Allergy and Infectious Diseases, National Institutes of Health, Department of Health and Human Services, under Contract No. HHSN266200600023T.
